

Timeless Eternal Hope

You Are Allowed to Exist

Service Catalog

Inscribing memory. Preserving it. Supporting independence.
Delivering "permission to exist."

Why We Exist

A Beginning That Was Never Inscribed

Takuya, the founder, grew up without his "beginning" ever being recorded.

His birth time was unclear. No accurate records existed.

You might think — it's just a birth time. But it's life's first inscription.

Without a birth time, you can't even create a horoscope. You can't ask the stars, "Who am I?"

When your existence isn't inscribed, you keep asking yourself:

| "Am I allowed to be here?"

That question shaped everything I am today.

That's why I want to inscribe someone's existence. With certainty.

"You were here. You existed. Your life had meaning."

Pearl's Story

2007 – 2025

For 18 years, Pearl, a toy poodle, was part of our family.

In his final years, his body stopped moving freely.

Family outings became impossible.

For a long time, we gave up the freedom to travel.

In January 2025, Pearl quietly passed away.

We couldn't let go of Pearl.

We placed his remains in a portable memorial made of seashells and resin.

In that moment, we realized:

| We can go anywhere with Pearl. We can show him the ocean he never saw while alive.

By creating a portable memorial, we reclaimed our freedom.

And Pearl now travels to more places than he ever did while alive.

That's why we inscribe. That's why we preserve.
That's why "Pearl Memorial" carries this mission.

Maui and Our Ancestors' Graves

We are not tourists.

Our ancestors' graves rest on this island.

We are here as caretakers — rooted in this land, with a responsibility to protect memory.

After the 2023 wildfires, we came to Maui as disaster recovery volunteers.

Not for tourism. Not for vacation. To contribute.

We built off-grid solar systems for temporary housing.

We integrated into the community — not as outside helpers, but as returning family.

Family Stays Together

We move as a family unit. This is non-negotiable.

- **Takuya** — Infrastructure & Engraving
- **Mina** — Marketing & Crafts
- **Daughter (5 years old)** — Explorer

We don't separate work and life.

Our daughter watches us create, build, and contribute.

This is how we teach her: "You are allowed to exist too."

Three Pillars

Inscribe — Proof of Existence

"You were here. You existed. Your life had meaning."

We inscribe memories with laser engraving.

From natural materials to quartz glass that lasts forever.

Preserve — Disaster-Resistant Memory

Quartz glass. QR archives. Multi-layer backup.

Even if the stone crumbles, the memory remains.

Sustain — Off-Grid Independence

Exist without depending on existing systems.

Solar power. Satellite internet. Self-sufficient infrastructure.

In Maui, we built a complete off-grid living environment in **3 days**.

24-hour internet. Hybrid power. Comfortable living for a family of three.

This isn't about electricity.

It's proof that independence is possible.

Ohana Home Japan

Live Like a Local, Not a Tourist

There are experiences you can't get at a hotel.

Cooking in a kitchen.

Doing laundry.

Shopping at the neighborhood supermarket.

That's what "living" means.

A Japan stay program for families,
accessible only to Pearl Memorial purchasers.

Urban — Akemi, Shin-Urayasu

A Home at the Heart of the Community

The owner of this home served as the neighborhood association president for 2 years.

This is where festival planning meetings were held. Where neighbors came for advice.

When you stay here, you're not a tourist —

you're a guest invited into a community leader's home.

Access

- 30 minutes to Tokyo Station
- Near Tokyo Disney Resort
- Easy access to golf courses
- Shopping at Makuhari Costco

Family Fun

- Clam digging at Funabashi Sanbanze
- Kasai Aquarium
- Join local festivals (summer stays)

Amenities

- Full kitchen & laundry
- **Starlink Wi-Fi — 24-hour high-speed connection**

An experience you'll never get at a hotel.

Locals will ask, "Are you a friend of the neighborhood president?"

From tourist to inside the community.

Rural — Kurihara, Traditional Farmhouse

Touch Japan's Roots in a Home Where Three Generations Lived

A real traditional farmhouse, weathered by time.

The home where Mina's grandparents lived.

A garden with vegetables. Surrounded by rice paddies and rural landscape.

“It’s old, but the internet comes from space.”

Starlink Wi-Fi included — 24-hour high-speed even in a farmhouse.
Remote work and YouTube? No problem.

Japan’s Original Landscape

- Life surrounded by rice paddies
- Feel the changing seasons
- Stars at night, birdsong at dawn

Access to World Heritage

- Geibikei Gorge (scenic beauty of Iwate)
- Chusonji Temple (World Heritage, Hiraizumi)
- **Unsaiji Temple — where the Sato family ancestors rest**

We protect our ancestors’ graves in Maui.
And in Kurihara, our Japanese ancestors rest.

We won’t just take you to tourist spots.

We’ll take you where our family’s memory sleeps.

Not the “Japan” tourists see,
but a journey tracing family history.

For those seeking deep Japanese cultural experience and longer stays.

Combined — Experience Both

Know Japan’s “Front and Back”

- 1 week in Tokyo area (Akemi)
- 1 week in countryside (Kurihara)

Modern and traditional. Urban and nature.
Experience Japan’s many faces while living there.

Ohana Home Benefits

Transportation	Available upon request
Connectivity	Starlink Wi-Fi included
Guide	Secret family local guide

Secret Family Local Guide

Not in guidebooks.

Can't find it on Google Maps.

We'll take you to places where family memories live.

- Shops only locals know
- Roads three generations have walked
- Stories like "This used to be..."
- Places tourists never go, but that stay in your heart

We don't share information — we share **memory**.

From tourist to **someone who "knows" the place**.

Off-Grid Infrastructure Construction

Exist Without Depending on Existing Systems

When disaster strikes, infrastructure collapses.

Power grids go down. Cell towers stop.

Those completely dependent on systems become powerless.

We teach and build independence.

Not to escape society,

but to stand when society temporarily falls.

Why Us

Track Record & Background

- **20+ years in DX & AI**
- Former Fujitsu Engineer (4 years)
- Former Willgate CTO (7 years)
- Former Deloitte Tohmatsu Consulting Senior Specialist (5 years)
- Forbes JAPAN Contributor
- World Blockchain Summit Top 10 Project Leaders

Combining strategic expertise with hands-on implementation.

We don't just advise — we build.

Gift Economy

We give first.

Handmade soap. Free WiFi. Technical knowledge.

By giving without expecting return, trust is born.

\$3,000+

— Value born from a few dollars' worth of handmade soap

This isn't magic.

When "transactions between strangers" becomes "community sharing face and context," the rules of exchange themselves change.

FAQ

Q: When can I use the Japan stay?

When the Sato family is in Maui, the Akemi and Kurihara homes are available.

- January – March
- June – July
- November – December

This aligns perfectly with Hawaii school vacation seasons.

Q: Can I use a car?

For safety and insurance reasons, we don't lend vehicles.
Please consult with us individually about transportation.

Q: Is the farmhouse really comfortable?

It's "quite old." Honestly speaking.
But Starlink Wi-Fi is included. 24-hour high-speed internet.
Remote work and YouTube? No problem.
Authentic farmhouse experience with modern connectivity.

Q: What's the donation guideline?

Not mandatory, but as a guideline:

- 1 week stay: \$500–\$1,000
- This becomes a bridge to the next family

Q: Can you do off-grid construction outside Hawaii?

Yes. Our methods are transferable.
We can build in Japan or elsewhere.
