Support the Boundarist Movement | Timeless Eternal Hope / Maui, Hawaii

“Resonance opens the way.”

To exist. To act. To eternity.

A Japanese family living off-grid in Maui — moved to action by the 2023 fires — building disaster resilience while reconnecting Japanese-Americans with their ancestral roots. This isn't charity. It's participation in a movement.

Who Supports Us — And Why

Different paths, same resonance.

Japanese-Americans Reconnecting with Roots

[Your Story] - Parents or grandparents immigrated from Japan - Family graves in Japan you've never visited - Wondering if you still "belong" to that heritage - Want your children to understand where they came from

[Why This Resonates] Our Soul Carrier service helps Japanese-Americans return ashes to ancestral graves — but it's more than logistics. It's about answering the question: "Do I still belong?"

[What You Receive] - Updates on Soul Carrier missions - Invitation to virtual storytelling sessions - Your name in our "Bridges Across the Pacific" honor roll (optional)

Sustainability-Conscious Individuals

[Your Story] - Tired of "green" marketing that's just words - Want to support people actually living sustainably - Believe in action over advocacy - Looking for authentic, measurable impact

[Why This Resonates] We don't just talk about sustainability. We live off-grid with a 5-year-old. Every system we build, we test on ourselves first — then share what works with communities who need it.

[What You Receive] - Quarterly impact reports with real numbers - Behind-the-scenes content of our off-grid life - Technical documentation you can use for your own projects

Those Who Care About Maui's Recovery

[Your Story] - Watched the 2023 fires with heartbreak - Donated to relief funds but wonder where it went - Want to support long-term rebuilding, not just emergency response - Looking for direct, personal connection to recovery efforts

[Why This Resonates] We weren't there. But we've invested 3 years and all our personal funds — including all credit lines — into R&D, and continue hands-on support on-site. Not distant donations, but real work and knowledge sharing.

[What You Receive] - Direct updates from Maui (not filtered through organizations) - Photos and stories from the families you've helped - Invitation to visit and see the impact firsthand

Off-Grid & Self-Sufficiency Enthusiasts

[Your Story] - Fascinated by off-grid living - Planning your own solar/battery setup - Want to learn from people actually doing it - Appreciate practical knowledge over theoretical content

[Why This Resonates] We live off-grid in Maui. We've learned what works, what fails, and how to build systems that actually function when you need them.

[What You Receive] - Detailed technical guides (what we actually use, not affiliate links) - Video walk-throughs of our systems - Direct Q&A sessions about off-grid living - Early access to new documentation

Parents & Families

[Your Story] - Raising kids in uncertain times - Want your children to be resilient, not just comfortable
- Inspired by families who live differently - Looking for role models of alternative paths

[Why This Resonates] We're raising a 5-year-old off-grid in Hawaii. She helps make soap, understands where power comes from, and has lived through a disaster. It's not easy. It's meaningful.

[What You Receive] - Updates on Ito's journey (the heart of our family) - Content about raising kids off-grid - Invitation to family-focused virtual sessions - Your family recognized as part of our extended 'ohana

Entrepreneurs & Forbes Readers

[Your Story] - Built something from nothing - Appreciate unconventional paths to success - Interested in new economic models (gift economy, hospitality agreements) - Looking for inspiring stories for your own content/community

[Why This Resonates] We've built a sustainable life without traditional employment, using Guest Hospitality Agreements and gift economy principles. Forbes JAPAN featured our journey. We're proof that alternative models work.

[What You Receive] - Deep-dive case studies on our economic model - Speaking/interview availability
- Co-branding opportunities for aligned initiatives - Advisory access for your own alternative ventures

Transportation Support

Need	Why It Matters
Used car / EV	No car ownership — a vehicle for on-site work would be a huge help

Inter-island flights	Reaching communities across Hawaii (Maui, Big Island, Oahu)
Rental vehicles	On-site work relies on rentals when we don't have a car
Airline miles/points	Any carrier, any alliance — we can use them

A single round-trip flight can cost \$3,000-5,000 for our family of 3. Miles donations directly enable our work.

“If it resonates, that’s enough. If it doesn’t, that’s okay too. It just needs to reach those who need it.”
